NEWS AND VIEWS . . .

And What Have You

By BOB CRAIG

When you stop and think about Hamlin's past football records, it is amazing how matter-of-fact all of us fans took Friday night's win over the Bearcats that put the Pipers into the state playoffs for the second year in a row.

But then this has been a strange season as everyone has been looking forward to getting back where we left off last year. This attitude has just about made nervous wrecks out of the coaching staff as they have had the job of keeping this attitude from getting to the team each week.

They are faced with this problem again this week as they try to get the Pipers ready for the Anson Tigers. While the Pipers have earned the right to meet the winner of the Denver City-Roosevelt game in Bi-District they must still get by Anson if they are to own the District Crown outright. A loss to Anson would force the Pipers to share the title with the winner of the Ballinger-Haskell game.

Like everyone else the Pipers have met in district play, the Tigers will be out to turn a bad season into a good one by knocking off the Pipers.

Let's all go to Anson Friday and help the Pipers carry an unblemished record into the playoffs the following week.

While the people in many parts of the country may already be feeling the pinch of the energy crisis and are taking the President's efforts to cut back fuel consumption seriously, we doubt if the people in this part of West Texas will really take it seriously until the problem becomes more acute.

Unfortunately, unless the world situation changes for the better, we may see the day that the shortage becomes real even here in our area. Already there are parts of Texas that have had their problems with both natural gas and electricity. Even last year the Austin area suffered from shortages and this was before the Middle-East crisis made the matter even more grave.

This nation can solve its energy shortage but unfortunately it has waited so long now that we are going to have to live with these shortages for the next few years while we are waiting on the solutions to take effect.

It would seem obvious to us that we are going to have to wait awhile on solving all our environmental problems until we come up with some answers to this energy crisis we are now facing. Even the environmentalists may decide that coal smoke is preferable to freezing.

There is talk of a new industry in far West Texas that might even be feasible in this area if the salt-water lakes are built on the Brazos north of here. The Industry? Shrimp!

The County Agent of Ward County, E. J. Harrison, said recently that Panama white shrimp placed in a salt water tank near Grandfalls showed an 80 percent survival rate and had increased their weight 2,000 times in six weeks.

Harrison said the Grandfalls test produced six week old shrimp weighing two grams and within 90 days, the shrimp should reach about 10 grams, or eating size.

"We started this because we have at least 35 acres of saline water that averages 13 to 15 parts per million salt along the Pecos River at a depth of eight feet," Harrison said. "We wanted to find a use for it."

He said that West Texas' climate lends itself to shrimp production, and investigations are now underway to attempt a one acre test pond.

My wife and I would appreciate it if whoever borrowed the floor mats out of our car Friday night at the ballgame would return them. No questions asked.

HARD TO STOP—The Ballinger Bearcats found out that Piper Number 24 (Johnny Jones) was a hard man to stop Friday night as the junior halfback broke tackle after tackle to gain over 280 yards in 25 carries and score four touchdowns. The Pipers defeated the Bearcats, 41-12, to earn a place in the state playoffs. (Photo by Tim Jones)

Pipers Seeking District Crown At Anson Friday

The Pied Pipers will travel to Anson Friday night seeking the other half of their District 6-AA title. The Pipers won half of the title and the right to represent the district in the state playoffs by defeating the Ballinger Bearcats here Friday night, 41-12.

But the Pipers must still defeat the Anson Tigers Friday or else share the crown with the winner of the Ballinger-Haskell game to be played Friday night at Ballinger. A Piper win would give Hamlin its second district title in as many years.

Three Piper players were honored by the coaching staff at the Booster Club meeting Monday evening for their efforts in the Ballinger game. Both Ray Scifres and Steve McKissack were awarded defensive Headhunter awards and Alfred McAfee was named offensive Headhunter. The Piper varsity squad was introduced individually to the Booster Club at the meeting.

With the regular season coming to a close, there will only be one other local contest on tap this week. The Hamlin Junior Varsity will be pitted in a re-match with the Anson JV's tonight (Thursday) at 6 p.m. in Anson. The local freshmen will also suit up with the JV's.

Last week the local Junior High teams closed out their season with wins over Aspermont. The eighth grade won, 40-

12, and the seventh grade won, 20-6. The Hamlin Junior Varsity and the Freshmen combined last week to defeat the Albany JV's, 34-28, in a game played at Albany.

Following their 9-6 loss to Winters last week, the Tigers are still looking for their first district win and own a season record of 1-7-1.

Plagued with injuries during most of the season, the Anson Tigers are expected to be in good shape for Friday night's encounter with the Pipers. Leading the Tigers will be (12) Benji Adkins, 155-pounds, who is rated as a good throwing quarterback. Phil Hamrick (41), 175-pounds, will be at fullback, and Larry Sprayberry (44), 165-pounds, will be at tailback. Sprayberry is rated as the Tiger's best running back and is tough to bring down. At halfback will be either (24) Ronnie McWhirter, 160-pounds,

Hamlin Hospital District Election Called Dec. 18

An election has been called for Tuesday, Dec. 18, to create the Hamlin Hospital District and to authorize issuance of \$500,000 in bonds. The election has been called by the Temporary Board of Directors as created by the Hospital District Bill passed by the 63rd Legislature earlier this year.

Two propositions will be on the ballot when the voters go to the polls at the Hamlin City Hall Dec. 18. The first proposition would create the district and the second would authorize the issuance of the bonds.

If passed, the first proposition would create the Hamlin Hospital District to include the territory and property situated in Jones County included within the description contained in Chapter 561, Acts of the 63rd Legislature, Regular Session, 1973) with authority to levy annual taxes at a rate not to exceed 75 cents on the \$100 valuation of all taxable property within such district for the purpose of meeting the requirements of the District's indebtedness and its maintenance and operating expenses.

The second proposition would grant the Permanent Board of Directors of the District the authority to issue the bonds of said District to the amount of

\$500,000 for the purchase, construction, acquisition, repair or renovation of buildings and improvements and equipping the same for hospital purposes, and for any or all such purposes.

The election will bring to head a great many months of work on the part of a large number of Hamlin citizens in an effort to keep the doors of the Hamlin Memorial Hospital open since the loss of two of the three doctors who operated the hospital for a great many years.

A great many Hamlin citizens made numerous trips to Austin during the past Legislative session in an effort to get the

Bill passed that authorizes this election to create the hospital district.

The proposed district contains approximately the western third of Jones County and runs from the Stonewall County line to the Taylor County line. Two other districts will also be voted on to expand the Stamford district to contain approximately one-third of the eastern part of Jones County and Anson district which would contain the middle southern part of the county.

Efforts to include a small part of Fisher County in Hamlin District failed in the Legislature.

The local merchants are also making plans to remain open on each of the three Thursday evenings before Christmas.

Mrs. H. H. Shadle of Aspermont spent the weekend in the home of her daughter, Mr. and Mrs. Ernest Jenkins.

FROM THE FILES . . .

FIFTY YEARS AGO
(November 23, 1923)

On Saturday, Nov. 24, at the Light and Power Plant, the Woman's Literary Club will hold its second Annual Flower Show. In connection with the sale of flowers, a chicken dinner will be served at 75 cents a plate. Hours will be from 11 a.m. until 2:30 p.m. Come and bring your friends.

When Hamlin and Stamford meet for a football game, there is always a big crowd of boosters out to see it. Hamlin has developed one of the best football teams in the whole country, considering the size of the town. It is clear that a larger town naturally draws a stronger team. The contest last Friday was one of the hardest and best of all. Few people had any idea our boys could hold their own with the opponents, and their splendid work was a gratification to all. The first half ended with a touchdown and a goal kick for the visitors. In the last half the game ended with 33 points for Stamford. Hamlin will play this Friday on their own field.

Monday night the first program was rendered in observing the Educational Week in Hamlin. The Monday night program was good and fairly well attended. Attorney Clem Calhoun delivered the chief address.

TWENTY YEARS AGO
(November 20, 1953)

The Herald almost forgot to mention that this old institution has had another birthday. The Nov. 6 issue of the paper marked the beginning of the 49th year of continuous publication. This makes The Herald probably the oldest institution in the town that has operated under the same firm name.

Scarcity of cotton pickers in the Hamlin territory continued to pose major problems in the gathering of the best crop in four years, farmers and ginners declared this week as thousands of bales of the fleecy crop dangled in the fields. It was estimated that probably 10,000 to 15,000 bales of cotton was ready for pickers.

Clean-up drive for the annual Boy Scout financial campaign in the Hamlin community is underway, according to Fred Moore Jr., general

chairman of the campaign. The drive is about \$400 short of last year's amount raised. The shortage is due to the fact that over 200 prospects were not actually contacted.

Hamlin High School's Pied Piper Band will compete at Tarlton State College at Stephenville Saturday with 17 other bands in a Region II Texas Interscholastic League Band Marching Festival.

More than 4,000 letters containing Christmas seals were put in the mail this week by the Jones County Tuberculosis Association to residents of the county. It was the county unit's second mailing since it was organized as an independent county association last year.

TEN YEARS AGO
(November 14, 1963)

Eight Pied Pipers will be playing their final game of their high school careers this Friday night as the Green and White of Hamlin host the Anson tigers in the last game of the season. Anson will be fighting to avoid being the bottom team in the race as a victory over Hamlin will place the two teams tied for this dubious honor. A victory for Hamlin would give them a 3-2 district record and a 6-4 season record.

The Pied Piper B Team will close its season here Thursday night when they play host to the Haskell B Team. The Indian B team is undefeated for the season with only a tie to mar their record. The Pipers were the ones that tied them earlier in the season. During the half-time intermission the Hamlin sixth graders will scrimmage.

The Hamlin High School Band has been chosen to play the back-ground and walking music for contestants for the second West Texas Amateur Hour Talent Show being held by the Abilene Optimist Club. Henry McCoy, chairman, said "The Hamlin group was selected to play for the second of a series of four talent shows by the overwhelming applause of the audience."

Barnie Cumbie was elected president of the Pied Piper Booster Club Monday night to serve during the 1964 season. The voting was held at the regular Monday night meeting of the club.

Burial was in Terry County Memorial Cemetery in Brownfield. Mr. Andress was a resident of Holiday Lodge and a Baptist. He was born Feb. 2, 1883, in Rusk, the son of the late Mr. and

Mrs. Jim Andress. His wife, the former Frances Keith, died July 19, 1961.

The Marvels of God's Creations

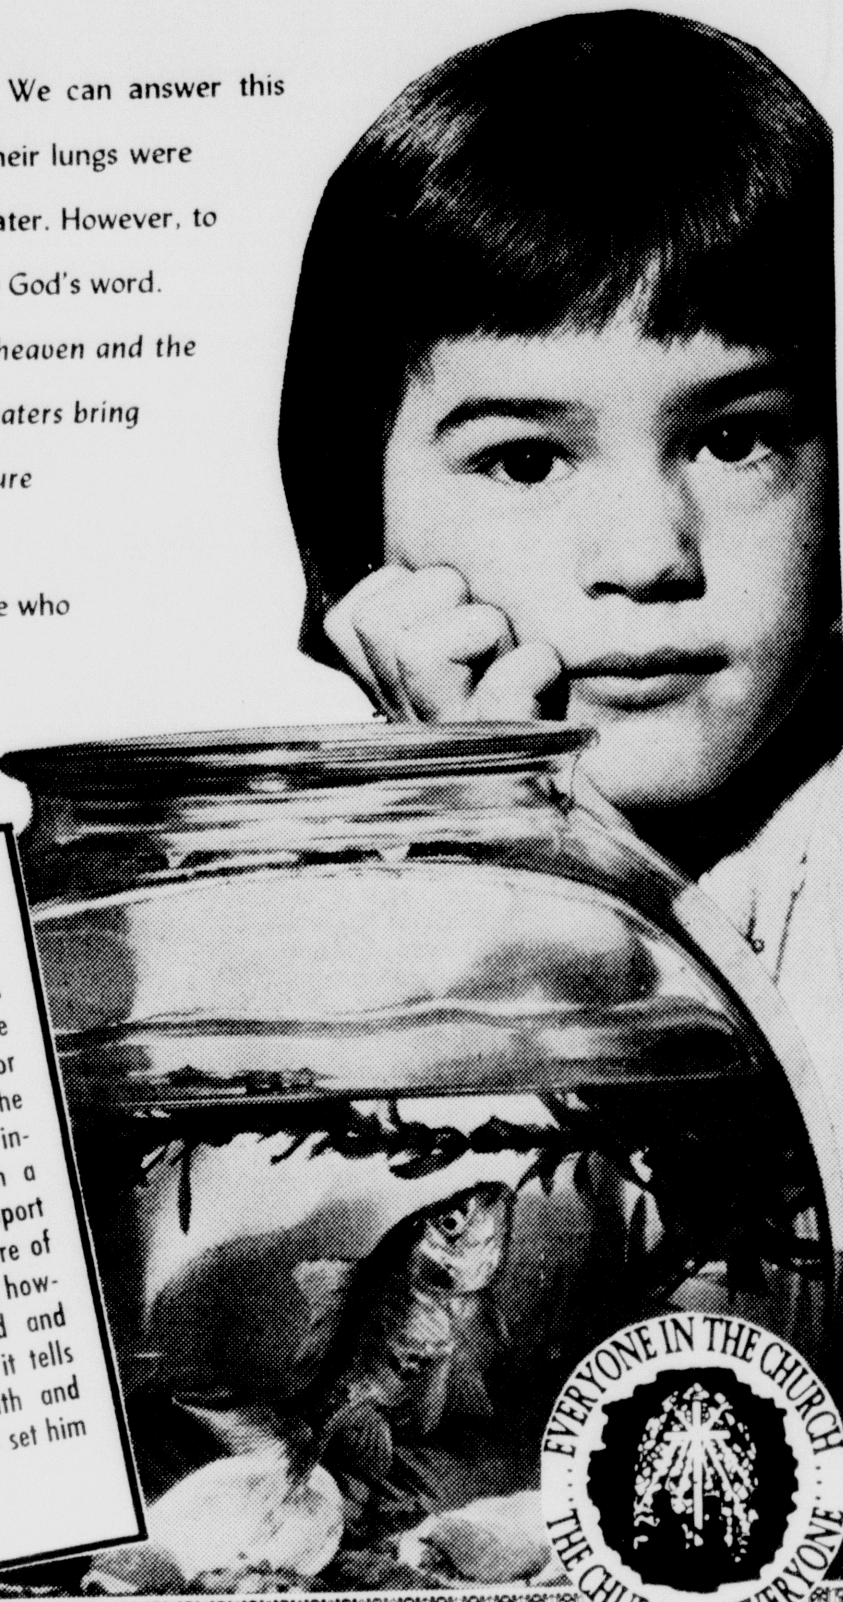

WHY DO FISH LIVE IN WATER? We can answer this question partially by saying: that their lungs were created to draw oxygen from the water. However, to know how and why, we must look to God's word.

"In the beginning God created the heaven and the earth." . . . "And God said, let the waters bring forth abundantly the moving creature that hath life . . ."

Attend Church and worship the one who created these marvels.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Pipers Gain Playoff Berth With 41-12 Ballinger Win

The Hamlin Pied Pipers battled their way into the Class AA State Playoffs here Friday night as they defeated the Ballinger Bearcats, 41-12. The win gives the Pipers at least a share of the District crown and earned them the right to meet the winner of the Denver City-Roosevelt game in Bi-District. The Pipers must still defeat Anson to win the title outright for the second straight year.

The Pipers completely dominated the Bearcats here Friday night as they rolled up nearly 500 yards total offense, while limiting the Bearcats to 228 yards. The Pipers had 424 yards rushing and 65 passing, while the Bearcats had 135 rushing and 93 passing.

The Pipers jumped out to a quick 13-point lead and then slowed down for awhile as they let three scoring opportunities get away from them before they got cranked up again late in the third period. The Pipers led 13-6 at halftime and 20-12 at the end of the third period before exploding in the final quarter with three touchdowns to put the game away.

Piper running back Johnny Jones had another big night as he scored four touchdowns and rushed for 284 yards in 25 carries, an average of 11.44 per carry. The night's work by this talented junior put his season total up to 134 points, with 1759 yards in 164 carries, an average of 10.7 per trip.

Piper fullback Albert McAfee picked up 114 yards in 19 carries for an average of six yards per carry. Frederick Snell, Ballinger's big junior fullback, scored one touchdown and carried the ball 19 times for 140 yards, an average of 7.4.

Ballinger received the opening kickoff and returned it to their own 34. Snell picked up a first down on his first carry as he broke through the line for 14 yards to the 48. But even with the help of a five-yard penalty against the Pipers, the Bearcats could not gain a second first down and were forced to punt from the Hamlin 45.

The Pipers moved from their own 16 out to the 40 before giving up the ball on their only fumble of the night. But the Bearcats could not capitalize on the break as they gained only four yards in three plays and punted again.

The Pipers put the ball in play at their own 20. A bomb from Willie Hooper to Bill Cork was out of reach and then Jones ripped off 19 yards for a first down at the 39. He picked up six on the next play, but then another five-yard penalty put the Pipers back to the 40. Jones was dropped for a five-yard loss back to the 35. Hooper tossed a quick pass to tight end David Willis over the middle and the big end outraced the Ballinger secondary to the goal line for the first Piper score. The play covered 65 yards. A bad snap on the point after try forced Steve McKissack to try to run in the two-pointer but was stopped just short of the goal.

Ballinger was forced to punt again following the kickoff and Hamlin took over on the Piper 25. McAfee was held for a yard gain, Jones picked up five and then McAfee, on second effort,

picked up the first down on an eight-yard carry to the 40. McAfee gained one yard again. Cork picked up seven on a reverse and then Jones swept around his right end for 52 yards and the score. McKissack kicked the point after to give the Pipers a 13-0 lead.

But the Bearcats were not out of the contest yet as they came back strong following the kickoff with Frank Mata returning it to the Ballinger 47. A penalty put the Bearcats back to the 42 and Quarterback Tommy Parrish passed to Randy Turner for 14 yards to the Hamlin 44. On third down Snell broke over left tackle and raced the 44 yards to score. The two-point try failed.

The Pipers took the kick off back to the Hamlin 22 and Jones picked up 23 yards on the first play. McAfee picked up a first down on a 14-yard carry and then gained six on the next play. Jones was stopped for a yard loss and Hooper had a pass go incomplete. On fourth down Jones carried for six to the Ballinger 29. McAfee picked up another first down on a 12-yard carry and Ballinger drew a penalty down to the 10. Russell May carried for a first down at the four. McAfee swept his left end for a would be score only to have the play called back for holding.

With the ball back on the 17, Hooper tried a pass to Cork in the endzone that was just out of Cork's outstretched hands. McAfee gained two and Jones five before McKissack tried an unsuccessful field goal.

Ballinger lost seven yards in three plays and they were forced to punt with Randy Hutchins getting off a 16-yarder to the Ballinger 31. McAfee picked up another first down on a 12-yard carry to the 19. Jones was dropped for a five-yard loss and then gained the five back on the next play. McAfee picked up eight on the end around, but it was not enough for the first and Ballinger took over at the 12.

With time running out the Bearcats moved down to the Hamlin 39 before the half ended.

Hooper returned the second half kickoff back to the Hamlin 41 and Jones ripped off 17 yards to the Ballinger 42. McAfee broke loose for 30 yards and a first down at the Bearcat 12. But then McAfee was dropped for a three-yard loss, Jones gained five and McAfee two before Jones was dropped on fourth down for a five-yard loss.

Ballinger took over on their own 13 and in three plays were out to the Hamlin 49 before John Hudson came up with a Ballinger fumble.

On the first play following the fumble recovery, Jones hit into the left side of the Bearcat line on a dive play, cut across the

field and went the 52 yards to paydirt. McKissack added to the point after and the Pipers were ahead, 20-6 with 7:19 left in the third period.

Ballinger was forced to punt again following the kickoff with Hamlin taking over on the Bearcat 48. Hooper was dropped for a nine-yard loss trying to pass and then had a short pass to Willis tipped up in the air and intercepted by Turner.

Taking over on the Hamlin 47, Parrish passed to Mata for 44 yards and a touchdown. His pass try for the two points was knocked down by Hooper.

But that was the last bit of glory for the Bearcats as the Pipers took over at this point and completely dominated the balance of the game.

Following the kickoff, the Pipers drove 60 yards in 11 plays to get back on the scoreboard. Jones was the big ground gainer in the drive with carries of 10, 18, 15, 1 and 5. The last was the fourth down scoring play. McAfee had a big 14-yard gainer in the drive. McKissack added another point after to move the score up to 27-12.

Trying to pass, Parrish was dropped for losses of 13 and 7 following the kickoff and the Bearcats were forced to punt again. The Pipers took over on their own 30 and five plays later were on the scoreboard again. Willis opened up the drive with an end around good for eight yards, Jones picked up the first down at the 40, McAfee picked up another first down on an 11-yard carry. Hooper gained five on a keeper and then Jones busted over right tackle for 45 yards and the score. McKissack's kick made it 34-12.

Facing third and five at their own 30, the Bearcats took to the air again only to have McAfee pick it off and return 37 yards for the score. McKissack kicked the final point of the night to make the score 41-12.

The Bearcats moved down into Piper territory on a fake punt but on fourth down Hooper picked off another Bearcat pass and the Pipers ran out the clock to end the contest.

Appreciation Expressed for Coaches, Team

Dear Editor,

We would like to take this means to express our feelings toward our boys who play their hearts out each Friday night on the football field.

Hamlin schools are blessed with one of the greatest coaching staffs in a high school the size of Hamlin's that we have ever seen. We really appreciate and love each one of them.

Our football boys are working together in such a way as to make a parent want to go onto the field and hug each and everyone of them. If we failed to tell any one of the boys or coaches we love and appreciate them, let it be known by this letter that we really do love them.

Also, our band and twirlers and cheerleaders are doing a great job every week.

Yours truly,
Mr. and Mrs. Curtis Scifres

Neinda Philosopher Figures More Ways To Solve World-Wide Fuel Shortage

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One tackles the energy crisis this week, we guess you'd say.

Dear editor:

Although nobody has acted like it, everybody knows there's just a certain number of barrels of oil left inside the earth and when that's gone that's all she wrote, so naturally everybody is interested in steps being taken to conserve what we've got until a substitute can be invented.

Some European countries for example where they don't have professional football have banned Sunday driving, in the U.S. all government cars are now required to stay under 50 miles an hour and the rule may be extended to everybody, schools in colder areas may have shorter hours and longer holidays, the country may go back to daylight saving time the year around, airlines are making fewer flights, homes and offices are urged to turn their thermostats down 6 degrees this winter, etc.

I'm in favor of all this and am wondering where I can buy stock in a company making old fashioned long-handles, but the plan doesn't go far enough. I mean, there are other areas where man can save enormous amounts of fuel without just wearing more clothes, and I'm going to think again before buying that stock. You're going to run into problems trying to

get women to wear long-handles with mini-shirts.

But let's move on. For example, take tanks. Huge tanks lined up on the desert fighting each other consume thousands of gallons of fuel, whereas you could get the same results with just as many casualties and prisoners at a 100 per cent saving of gas and oil if you used armored knights riding on horses.

For the price of probably half a dozen tanks the U.S. and Russia could equip 5,000 knights on both sides with horses, armored suits and all the swords and lances they could lug, and the battle could start whenever the referee blew his whistle. The Humane Society might object to the damage to the horses, but the television crews could use the same rule used in

filming Westerns: show a man being shot, but never his horse.

This is just a start. Put your mind to it. There must be hundreds of other ways to save fuel, without of course banning the use of lighter fluid. I just don't believe civilization has advanced far enough for a man to light his cigarette with a flint rock.

Yours faithfully,
J. A.

P.S. This is off the subject, but I just read that some people now believe that the world is coming to an end. I don't hold with this but it's something to think about. I mean, it might be the only solution to the situation we've got in Washington.

ROY LANE seeks office

Roy L. Lane Announces for County Judge

Roy L. Lane, former Clerk of the 91st District Court at Eastland, announced this week that he would be a candidate in the Democratic Primary next May for the office of County Judge of Jones County.

Lane and his family moved to Anson about three years ago from Levelland where he was manager of Furr's Handy Hut Grocery. He presently owns and operates Lane's Motel and Camper Park in Anson.

Lane said he felt he was fully qualified for this office because of his 26 years experience as District Clerk in Eastland. During that time he had the privilege of serving and working with many of the state's leading and respected judges and attorneys.

He said he welcomed an investigation of his record and would be happy to discuss his candidacy with any interested citizen.

He will have a formal statement at a later date.
